Subject: Open Space Bond Proposal (OSBP)

Dear Commissioners,

I am writing to voice my support for adding the OSBP to the November ballot. Though increased taxes are never pleasant, the history of what the previous OSB's have garnered and protected for us all is a shining example of the some of the best and most well-spent tax dollars Missoula has ever experienced.

Please add the OSBP to the November 2018 ballot to provide opportunity for furtherance of this noble undertaking.

Alan White
