Dear Jean, Cola and Dave:

I understand that you are holding a hearing on Monday about another Open Space Bond. Unfortunately, we can't be there in person to express our enthusiasm for it.

Both Beate, my wife, and I strongly support such a bond. The past bond has done such a wonderful job in protecting the open spaces in Missoula County, that it only makes sense to continue along this avenue of astonishing successes in keeping Missoula County green!

We very much hope that you'll approve another bond.

Best wishes,

Klaus
