Exciting News!!!!!

CostCare and Missoula County have been working together to bring this wonderful benefit to covered Missoula County Employees and their covered dependents. You will be able to receive care through CostCare, the charge is $25.00.

CostCare has four locations. The first one is located at 1001 E. Broadway, in the East Gate Plaza. The second is located at 3031 S. Russell, across from the YMCA. The third is located at 2819 Great Northern Loop, near Missoula Bone and Joint. The fourth location is in Helena. MT. All locations are for urgent care, coughs, colds, lacerations, aches and pains, etc. However, the third location, 2819 Great Northern Loop, is generally for primary care and usually requires an appointment. Although it does take walk-ins depending on their schedule.

Please keep in mind these key pieces:

- You must be currently covered for medical coverage through Missoula County Health Plan to receive this benefit.
- You must show your Missoula County Health Card at the time of visit. If you do not have your card, CostCare will require you to pay the entire cost at the time of your visit.
- **If you need a new Benefits card contact the Employee Benefits office.**
- Immunizations and flu shots are available through CostCare.
- Your $25.00 co-pay can be submitted to flex for reimbursement. However, it will not be processed through your Medical Benefits.
- If you do not have your benefits card and are required to pay for your visit at the time of service, you can submit to be processed through your Medical Benefits. However, it will be subject to deductible and co-payment.
- All services provided must be eligible under the Missoula County Employee Benefits Plan.

Please call the Employee Benefits office if you should have any questions or concerns.
