Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$500 person/ \$1,000 family. Does not apply to certain Preventive care and prescription drugs.	You must pay all costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy plan documents to see when the deductible starts over. See the chart starting on page 2 for how much you pay for covered services after you meet the deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care is covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. \$150 person/ \$300 family for prescription drug costs. There is no other specific deductible .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	Medical \$4,000 person / \$8,000 family. Rx \$2,600 person / \$5,200 family.	The out-of-pocket limits the most you could pay during a coverage period (usually one year) for your share of the costs of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit ?	Premiums, balance-billed charges, and health care this plan does not cover.	Even if you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. For a list of network providers, see www.missoulacounty.us/government/administration/risk-benefits or call 406-523-4876.	If you use an in-network doctor or other health care provider , this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network provider for some services. Plans use the term in-network, preferred , or participating for providers in their network . See the chart starting on page 2 for how this plan pays for different kinds of providers .
Do you need a referral to see a specialist ?	Yes. Physical, speech, and occupational therapy.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have the plan's permission before you see the specialist .
