## **Missoula County Commissioners Seek Applications for Missoula Development Authority Board**

Missoula County Commissioners are seeking one community applicant to fill an open position on the Missoula Development Authority Board (MDA) through June 30, 2019. At that time, the applicant will be eligible for reappointment to a new three-year term, running through June 20, 2022. This position acts as a core board member for the MDA Advisory Board.

The MDA maintains oversight of the development and management of Missoula County's three tax increment districts: the Missoula Development Park Technology District, the Bonner Mill Tax Increment Financing Industrial District and the Bonner Targeted Economic Development District. The MDA markets property owned by Missoula County in the tax increment districts and advises the county on other economic development issues. Missoula County is particularly interested in applicants with an understanding and interest in tax increment financing and county economic development.
