INTRODUCTION

On August 30, 2016, the Board of County Commissioners adopted the Fiscal Year 2017 Missoula County Budget. The budget includes all funds of Missoula County legally requiring an adopted budget. Attachments A, B, C and D at the end of this introductory section provide a summarized version of the authorized expenditures for each fund and department. The attachments are preceded by the resolution adopting the budget and setting the mill levies. The line item detail for each fund and department appears in the section labeled Budget Detail. Finally, the last section of the budget document contains the 2017 budget for the rural special improvement districts.

One preliminary hearing was held on July 27, 2016 and the final budget hearing was held on August 24, 2016. The budget was adopted on August 30, 2016 after the Commissioners made final adjustments based on the testimony they received at the hearings.

This document includes only the budget for Missoula County. It does not include budgets for any other taxing jurisdictions within the County, such as the City of Missoula, school districts, fire districts or other special districts. The boards of trustees of those entities are responsible for adoption of budgets for those jurisdictions.

FINANCIAL INFORMATION AND MAJOR INITIATIVES

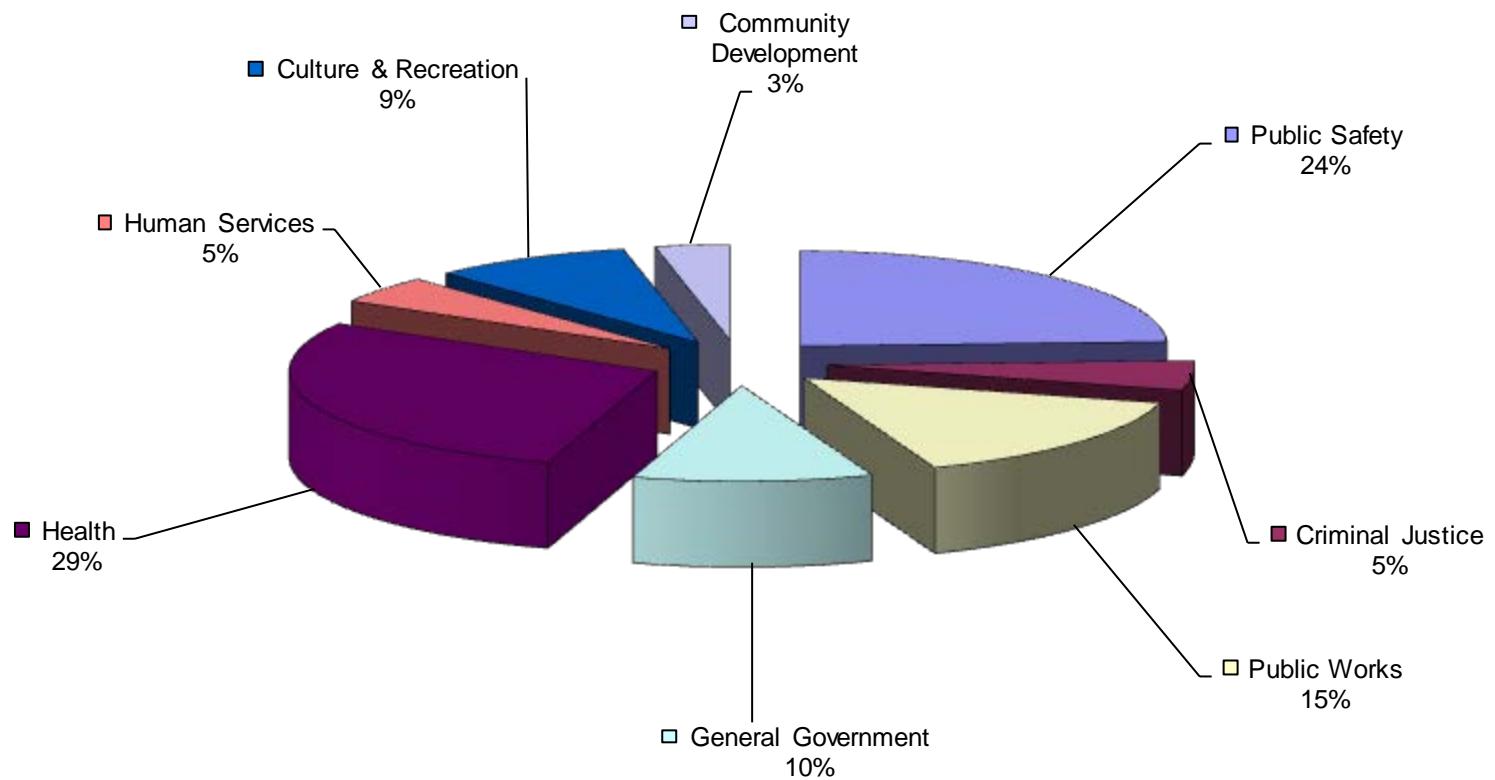

It is most useful to look at Missoula County's Fiscal Year 2017 Budget in terms of functional areas, and how it compares with the Fiscal Year 2016 budgeted and actual expenditures. The following table demonstrates how funds were appropriated in Fiscal Year 2016, what was actually spent that year, and how they were appropriated in Fiscal Year 2017. In the following two charts, administrative costs such as financial services, human resources, information systems and risk management are allocated across all functions in proportion to their direct expenditures. Allocated administrative costs represent 5.64% of the total fiscal year 2017 budget. Transfers out to other funds are eliminated so expenditures are not overstated. Debt service is included in the function receiving the greatest benefit. The Health Insurance, Excess Loss, Flexible Benefits and Workers Compensation self-insurance funds, Central Services, and Telephone Services are funded by charges to other departments, and, consequently, are excluded here to avoid double counting of expenditures. Percentages indicate each area's percentage of the total County budget.

Missoula County Comparison of Expenditures by Function

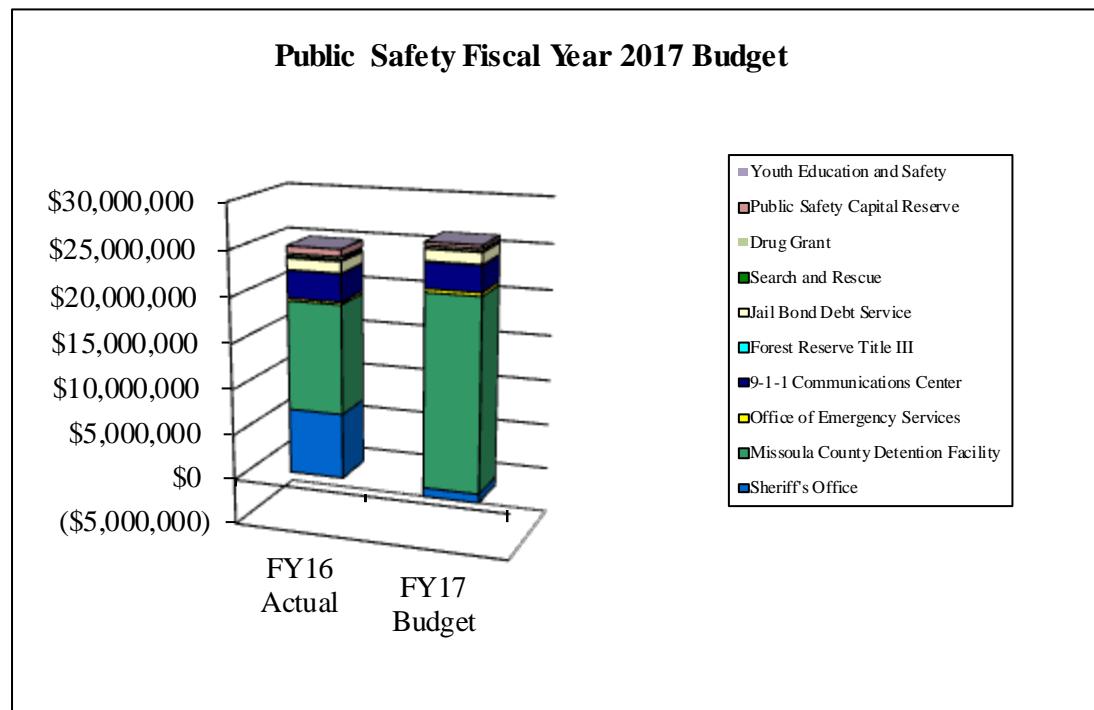

Missoula County 2017 Budget Allocations

The following departmental narratives discuss each department's budget as an independent County unit. Therefore, administrative costs are not allocated and inter-fund transfers are not eliminated in order to reflect each department's direct and controllable expenditures (certain intradepartmental transfers are excluded to prevent the double counting of expenditures).

Public Safety

The public safety function is comprised of the Sheriff's Office (including the Missoula County Detention Facility and the Public Safety Building Capital Project), the Department of Emergency Services (including the 9-1-1 Emergency Dispatch Center, the Office of Emergency Services, and the Forest Reserve Title III fund). Fiscal year 2017 budgeted expenditures total \$26,857,266 (\$27,193,103 in fiscal year 2016).

The Sheriff's Office responds to calls from the public for emergency law enforcement assistance, investigates crimes, and provides regular patrol services throughout the County. The office is comprised of the Sheriff, 51 sworn deputies, and various support staff. The total FY2017 Sheriff budget totals \$6,895,265 (\$7,124,095 in FY2016).

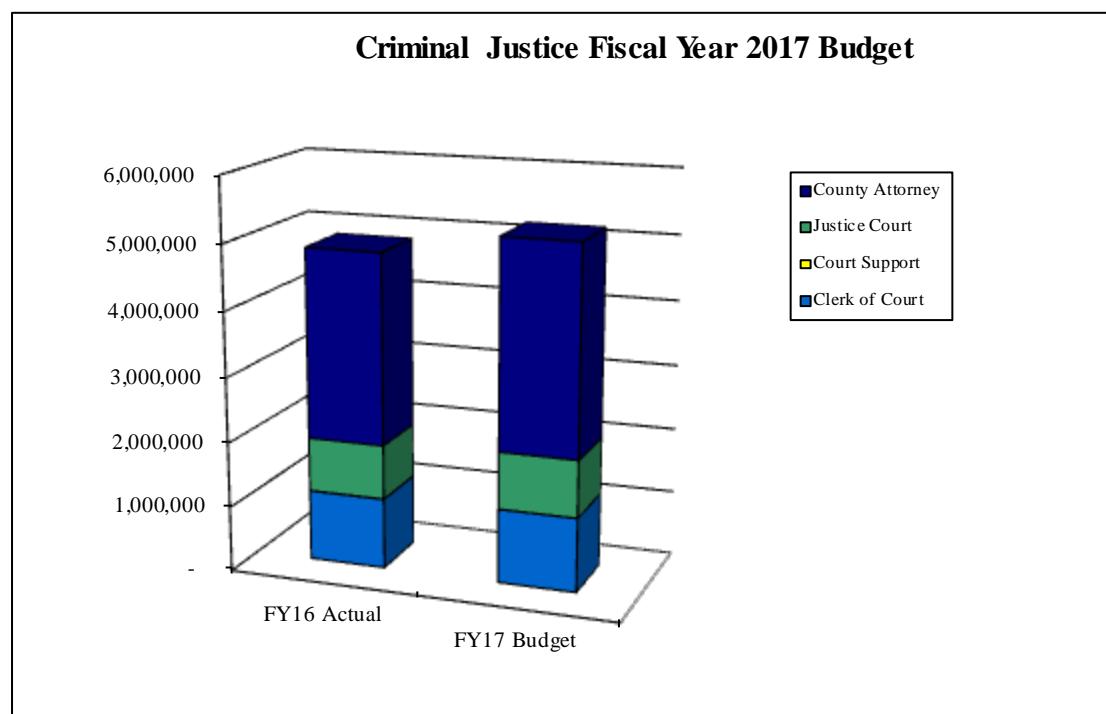

The Missoula County Detention Facility, a division of the Sheriff's Office, manages County adult and youth detention, and an entire wing that houses

prisoners for the State of Montana Department of Corrections. This facility can house up to 394 adults and 24 juveniles with a staff of approximately 118 FTE's, requiring a total budget of \$13,211,446 (versus \$12,558,885 in 2016). \$6.3 million in non-tax revenue is budgeted to cover the costs of Department of Corrections and other jurisdictions' prisoners.

The Department of Emergency Services includes the 9-1-1 division and the Office of Emergency Management. The Office of Emergency Management involves the planning, development, and maintenance of Missoula County's emergency and administrative communications system. This includes the 9-1-1 Center, remote microwave sites, paging system, and frequency coordination. The 9-1-1 Center provides dispatch services to 23 "first responders" located in and around Missoula County, including law enforcement, emergency medical, and fire. Fiscal year 2017 budgeted expenditures total \$3,164,792 (\$3,406,593 in fiscal year 2016).

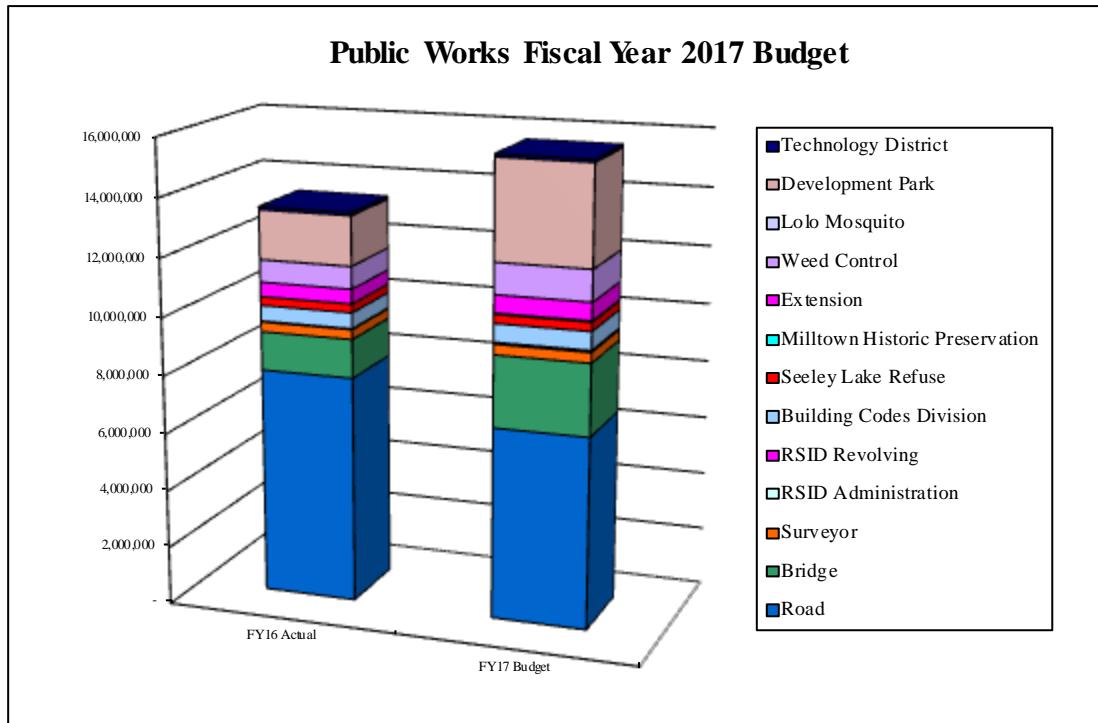

Criminal Justice

The criminal justice function includes all offices related to the court system. These include the Clerk of Court, Justice Court, the County Attorney's Office, Sheriff's Court Support, and certain grants related to State District Court. Fiscal year 2017 budgeted expenditures total \$5,516,311 (\$5,347,553 in fiscal year 2016).

The Public Works Director oversees the Road and Bridge funds, the Surveyor department, the RSID Administration and the Building Codes Division. The Road fund is responsible for County road maintenance, traffic control, and road projects within the County. The Bridge fund is responsible for maintenance of bridges in the rural county as well as within the Missoula city limits. The Surveyor/GIS department is responsible for the review of all surveys filed within the County and maintains the County's GIS mapping system. The RSID Administration and Revolving funds account for the costs related to the administration of the County's rural special improvement districts. The Building Code Division houses the County's building permit and inspection program that started in 2006. The 2017 Road budget includes capital projects totaling \$1,893,162 and the 2017 Bridge budget includes capital projects totaling \$1,356,770.

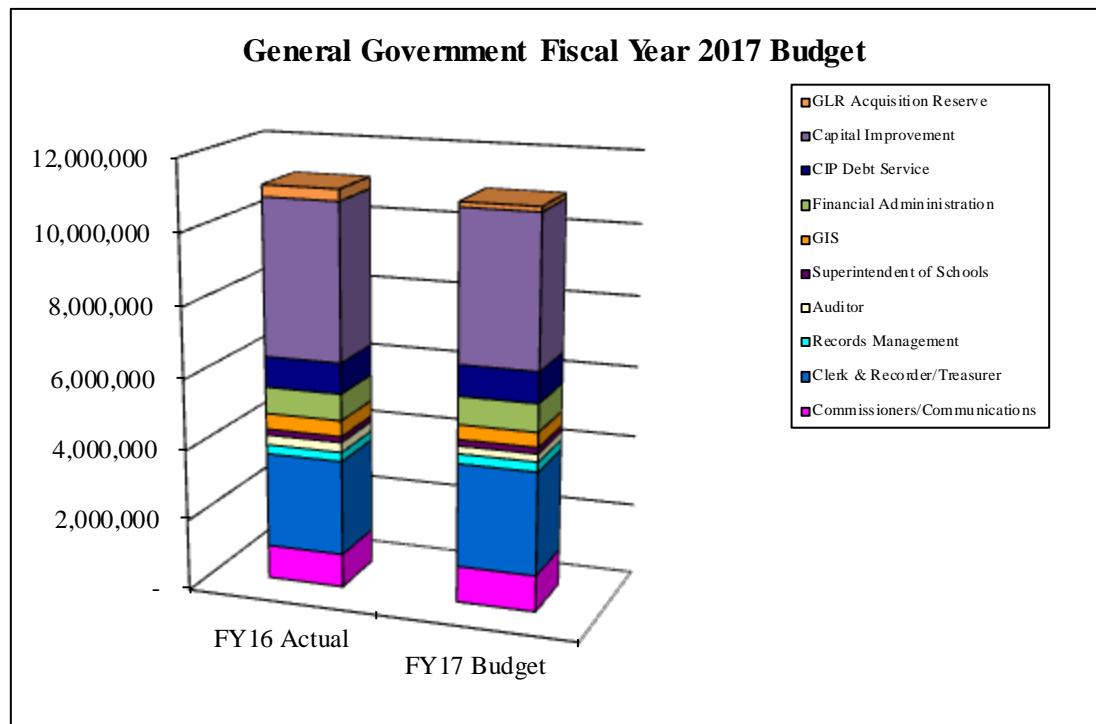

The Missoula County Extension Agent is responsible for the Weed and Extension funds, and the Lolo Mosquito District. The Weed fund's purpose is to prevent, reduce, or eliminate the economic impact of noxious weeds on all lands within the County. The Extension Office provides education services to residents in the subjects of agriculture, horticulture, human resources, community development, and youth development. The Lolo Mosquito District conducts mosquito control efforts in the Lolo community area.

The Airport Tax Increment fund is used to account for all activities related to the County owned Development Park as well as the industrial tax increment district which was created in that area. The Development Park is governed by the Missoula Development Authority, an advisory board appointed by the Commissioners.

It also includes programs for the assistance of victims of crime, battered women, families at risk of developing serious family problems, recovering alcoholics needing housing, those who have little or no health care coverage, and those who need assistance qualifying for SSI. Many of these programs are administered by the Office of Planning and Grants, and consequently, are accounted for in the Planning fund. Fiscal year 2017 budgeted expenditures total \$5,183,321 (versus \$5,952,478 in 2016).

The County Attorney is an elected official who is the legal arm of the Executive Branch of government at the county level. As such, the position is both a State Officer and a County Officer. Office expenses, except for one-half of the County Attorney's personal salary, are paid by the County. The Attorney General has supervisory power over the County Attorney.

The most publicly visible role of the County Attorney is that of prosecutor. The County Attorney and Deputy County Attorneys are public prosecutors who represent the State of Montana in all criminal matters occurring in the County.

The County Attorney is also legal counsel for the County and represents the County in civil matters. The County Attorney and Deputy County Attorneys provide legal counsel for County officers, including the Board of County Commissioners and all of the departments within the County as well as a number of boards. Finally, Montana law imposes more than 150 additional duties upon County Attorneys, including such important matters as mental health commitments; abused and neglected child protection; subdivision regulations; inquests; and the monitoring of other public officers to name a few.

In Missoula County, the County Attorney's Office has been consolidated with the Office of Public Administrator. The Public Administrator is an elected official who is responsible for probating estates for individuals who die within the county and have no heirs.

The County Attorney's Office is open Monday through Friday. Attorneys are on call 24 hours a day, seven days a week, to assist law enforcement officers,

The County Clerk and Recorder's office is, by statute, the official records center for Missoula County with records dating back to 1865. It is the responsibility of the office, according to law, to maintain records at a maximum level of efficiency for the benefit of public accessibility.

The indexes for recorded and filed documents are the primary directories to all the permanent records on file. For new incoming documents, indexes are maintained electronically. All documents are scanned daily. The office is currently working to index all historical documents to improve accessibility for the public. Real estate documents recorded include: deeds, mortgages, easements, contracts and covenants. Direct access to the electronic indexes and images are accessible in the office and most are available on the County's website. Additionally, the Clerk and Recorder serves as the repository for most records of Missoula County, including the journals of the Missoula Board of County Commissioners. Currently, the unofficial copies (identical to the official copies except for signatures) of Commissioners journals dating back to 1992 are available electronically on the County's website. Historical Commissioners journals are a high priority to digitize and make available to the public via the County's website.

The vital statistics records (birth and death certificates) for Missoula County are another important resource in the Clerk and Recorder's Office. Missoula County accesses the Montana State Department of Health & Environmental Sciences database and can issue a certified birth certificate for anyone born in Montana.

The importance of records is seen clearly on a daily basis as the office is used as a research center by individuals, companies, government agencies, lending institutions and genealogists. In addition, the staff assists the public in attaining necessary information from the records and makes copies of all materials available at a cost set by law.

The Elections Office is responsible for the administration of all Federal, State, County, City and Special District Elections within Missoula County. The Elections Office also administers School Elections upon request from the District.

The Election Office's goal is to ensure all elections are administered according to all Federal and State Election Laws and that each eligible voter is given the opportunity to vote by utilizing any of the following methods: Polling Place Voting (Missoula County currently operates 28 polling place locations), Absentee Voting, Late and Same Day Registration or Provisional Voting. The Election Office strives to ensure that the election process is organized, safe and free from influence. Furthermore, the office strives to ensure a staff of well-trained election judges is available to make the voting process a smooth and pleasant experience for each voter. The Elections Office conducts mail ballot elections for local elections, such as School or Municipal Elections. Federal elections require polling places to be open and available to the public.

The Elections Office will administer the following elections in this budget year:

- November 8, 2016 Federal General Election: This election is conducted by polling place. Historically, the Elections Office spends over \$215,000 to conduct this election. Personnel makes up 60% of costs.
- May 2017 - School and Special District Election: This election consists of voting for school board trustees, school levies/bonds, and special districts including fire districts, hospital districts, irrigation districts, and community councils. This is a mail ballot only election.

Preparation and execution for each election include verifying signatures on local and state candidate/initiative petitions, accepting and certifying candidate/initiative filings, preparing ballot layouts, certifying the ballot, overseeing the printing of the ballots, assembling and distributing supplies, and

In addition to preparing for the election, the staff maintains the voter registration database for approximately 75,000 voters and processes 4,500–12,000 new voter registration cards per year. The voter registration information is entered into a software system which enables staff to provide voter history, voter activity and other information to customers requesting voter information.

This office is also responsible for disbursements of cash to cover County obligations. These disbursements may be to cover bills paid by County warrant, or to cover bond payments or remittances to other government agencies for which the County collects taxes.

Motor Vehicle directives for procedures come from the Title and Registration Bureau, State of Montana, Department of Justice. Assurances must be made that laws, applications and procedures are being observed and enforced. Accurate records are critical because the information is accessed by law enforcement agencies.

The office has a commitment to make a substantial effort in collecting delinquent taxes. Each year the office takes considerable efforts to collect taxes in the most consumer-friendly manner possible while still ensuring that taxes are collected. As taxes fund the majority of Missoula County government operations, the responsibility to ensure that this funding is available for the benefit of the community is immense.

The office averages over 85,000 walk-in customers per year. The majority of tax payments are received through the mail. The office staffs two multi-line phones to handle the volume of calls received by the office.

The Facilities Management Department ensures County facilities are kept in good repair as well as meeting standards relative to public buildings such as those required by the Americans with Disabilities Act. This includes the following structures; Courthouse, Annex, Missoula City-County Health Department, Partnership Health Center, Missoula County Detention Facility, Community and Planning Services, the Missoula County Fairgrounds, Grants and Community Programs, Youth Court, Relationship Violence Services, the County Records Center, the Secure Storage building, and Missoula City-County Animal Control building. This department also maintains five mountain-top radio sites to provide county-wide 911 communications. The Facilities crew also assists other departments in fulfilling their missions. For example, the Facilities staff assists the Elections department by delivering and picking up all election equipment throughout the County on election days. All new construction and renovation projects in these buildings are coordinated through this department. In addition to managing these buildings, Facilities Management backs-up the maintenance crews at the Missoula City-County Library and the Missoula County Public Works Buildings.

The GIS (Geographic Information Systems) department is part of the IT/IS department and administered by the GIS Manager. The department is responsible for maintaining the integrity of geographic data that represent critical county infrastructure. The data is digitized from various sources including filed survey plats, deeds and resolutions and is suitable for displaying and querying in specialized mapping/cartographic software programs that are used throughout the county offices. A portion of this data includes the county road network, address/structure points and cadastral features such as parcels, easements, rights-of-way and surveys. The GIS department also assigns new addresses and road names based on request from public petitions to provide logical location data for Enhanced 9-1-1 services.

Public Works includes all of the functions related to public infrastructure and lands within Missoula County. The Chief Public Works Officer oversees the Road and Bridge funds, the Surveyors office, Rural Special Improvement Districts (RSID) including the RSID administration fund, the Building Codes Division, the Seeley Lake Refuse District and a variety of special projects including contract district management for the Seeley Lake Sewer District. The departmental mission is to provide quality services to the residents of Missoula County in the areas of engineering and surveying services, road and bridge construction and maintenance, mapping, water and wastewater facilities construction and maintenance, RSID creation and administration regulated permitting and inspection, and solid waste district management.

The Road and Bridge funds are committed to protecting and maintaining the public's investment in County infrastructure. The department maintains 565 miles of roads, bridges, drainage structures, and related construction projects. Maintenance of county infrastructure also relies on responsible use of these funds to support a fleet of vehicles and equipment essential to related activities. Road and Bridge maintenance and construction projects not only prolong and renew the life of infrastructure, they also enhance and protect the welfare of residents by focusing on the safety and accessibility of local transportation and trail systems.

The Surveyors office is responsible for the review of all surveys filed within the County. They work closely with the GIS mapping division and provide recommendations based on law and field surveys for issues pertaining to public rights-of-way. The services provided by their office are enriched by the integration of the latest technology with the efficiency of professionally trained personnel.

The RSID Administration and Revolving funds account for costs specifically related to creation, construction, and long term maintenance of rural special improvement districts. RSID administration includes maintaining four public water and/or sewer districts located in Lolo, El Mar Estates, Sunset West and Lewis and Clark Trailer Court in Clinton. These districts provide safe and reliable water service and/or sewer collection and treatment through special assessment revenues from properties of benefit within clearly defined district boundaries. The separate funds for each district provide accurate and transparent accountings for daily services, infrastructure maintenance and enhancements, and conformance to regulatory testing and environmental permit requirements.

The Building Codes Division houses the County's building permit and inspection program that started in 2006. This division enforces the International Code Council requirements that have been adopted by the State of Montana. The division's fee structure, professional staff, and equitable processes assist the public with prompt permit issuance and qualified inspections. Their mission is to enforce the required codes and safeguard the health, safety and general welfare of the public, firefighters and emergency responders.

The Seeley Lake Refuse District provides solid waste storage, collection and disposal services to the community of Seeley Lake. The district is funded through special assessment revenues applied to properties of benefit in a clearly defined boundary. They actively promote responsible waste management and efforts to improve recycling options and availability. Operations at the District focus on health and safety practices that protect human and environmental welfare.

The Missoula County Parks &Trails Program mission is to provide and maintain a sustainable system of parks and trails that protects a diversity of habitats and open space where people of all ages may participate in activities blending passive and active outdoor recreation.

As one of the three sections within the Community and Planning Services Department (CAPS), our work is devoted to parkland development, management and trail development.

We strive to meet the needs of the public by adhering to well-established public values including:

- Exceptional Public Service through being responsive and resourceful in our work.
- Fairness in our efforts to always be inclusive, consistent and objective.
- Dedication to communities, neighborhoods, landowners and residents and the landscapes they are found within.
- Collaboration with individuals and organizations from the private, Tribal and public sector.
- Transparency as demonstrated in our exceptional outreach efforts and communication methods.
- Efficiency and effectiveness in our work and service to the public.
- Adaptability to help meet newly emerging public needs and desires for services.

Our program continues to develop trails projects through the voter approved bond fund for Parks & Trails, to assist City and County on developing the Fort Missoula Regional Park; and to identify opportunities for enhanced maintenance services to the park and trail system. This past fiscal year, the County's Open Lands Program was been fully transferred into the Parks & Trails Program; including oversight of the Open Space Bond.

The Clerk of District Court is the official keeper of all District Court records for Missoula County. These records include Adoption, Civil, Criminal, Dependent Neglect, Domestic Relations, Guardianship, Juvenile, Paternity, Probate and Sanity cases. The Clerk also issues, files and records all Missoula County marriage license applications and licenses. On an annual basis, the Clerk's office files in excess of 5,000 new cases and issues over 800 new marriage licenses for Missoula County.

Clerk of District Court records date back into the 1860's and until 1989 were maintained in books. The books included an index of names to provide ease in accessing records and each case was assigned a register page into which all court documents were recorded. While these index and register books are still utilized for researching records, many have been microfilmed to provide easier access and to alleviate storage space issues. From 1989 to present, all records are stored and maintained electronically. The Fourth Judicial District is a pilot site for the statewide electronic filing and document management project which will allow parties to file documents through a web-based system instead of a paper format. Beginning in the fall of 2016, the Clerk of Court will accept electronic filings for prosecutor initiated cases. Electronic filing will reduce the use of consumables and energy for printing and copying documents which demonstrates our commitment to reducing our carbon footprint.

The majority of all Clerk of Court records are open to the public. Records are searched daily by title companies, credit agencies, investigative agencies and the general public. It is the Clerk of Court's responsibility to ensure accurate and up-to-date records. Searches, copies and certified copies are provided upon request in either hard copy or electronic format. Fees for searches and copies are charged according to statute and may be paid in-person, by mail or by fax/email/phone using a credit or debit card.

The Clerk of District Court also serves as Jury Commissioner for Missoula County. As required by statute, each May the Secretary of State provides the Clerk of District Court with a combined list of active registered voters, licensed drivers and holders of Montana ID cards. This list is stored and maintained electronically and it is from this list that jurors are pulled for the Municipal Court, Justice Court and District Court Judges. It is the Clerk's duty to maintain an accurate listing of all selected jurors and to pull individual jury panels for the District Court Judges upon request.

The Clerk of Court is the collection site for Court ordered child support payments, bonds, and criminal fines and fees. Monies that are collected for child support and criminal fines and fees on one business day are distributed to the appropriate parties the following business day. Monies collected for bonds are released only by Court Order. The Clerk's office collects and distributes in excess of \$3 million annually.

The Missoula Public Library (MPL) is a free public library established under Montana Law (MCA 22-1-303). Its purpose is to provide needed information to the people of Missoula County from a library materials collection that includes all aspects of the human record. On average the library serves 1,500 people each day through programs and services meeting the reading, viewing and listening needs of the service area population. The Library is under the direction of a six-member Board of Trustees, (five voting members and one alternate) appointed by the County Commissioners and the Mayor as a policy-making body. Policy and procedures of MPL are formulated following the mission and values of Missoula County.

1. Administration is responsible for overseeing the entire operation of the Library, including maintaining the building; formulating and monitoring the budget programs and services; acting as a liaison between the Library and government entities on all levels; and presenting the library to the public making sure the policies and procedures set by the trustees are carried out.
2. The Youth Services Department provides and makes accessible materials to meet the recreational and informational reading needs of children from birth through age 19. "Tiny Tales," Story Hour, LEGO Club, Read Dogs, writers groups, gaming and many other language formation programs are offered weekly.
3. The Circulation Department circulates library materials to patrons who wish to use them outside the building; re-shelves materials which have been used so others may have access to them; and reminds patrons of overdue materials. It also extends library service to outlying areas in Missoula County through the use of branch libraries, including a mobile branch, the "Partner Program" and Home Delivery. Continued expansion of the Partner Libraries will allow patrons additional material access.
4. The Reference Department assists patrons who are seeking information to use the library's collections and other information sources. The expansion of Home Bound services has made it possible for users who cannot visit the library to have services Notary and Passport services are offered to the public seven days a week.
5. The Technical Services Department orders library books and materials selected by the staff, maintain records of all materials, and physically process them for public use.

The MPL Trustees are embarking on construction of a new facility. Fundraising begins in June of 2015 with a capital campaign beginning the first part of the funding cycle. It is possible that in June 2016 the Trustees may ask the public to support a Bond to raise the remaining money for the new library.

MPL Trustees welcome community input for all services and projects provided by the library.

Substance Abuse Prevention organizations and staff work to build and maintain a supportive and proactive environment for Missoula's youth to help prevent substance abuse and other problem behaviors, as well as to help Missoula grow healthy and resilient children and youth. This is accomplished by performing the following tasks as outlined in the Substance Abuse Prevention mill levy:

- Coordinating prevention efforts and community resources to prevent substance abuse and its negative impacts on the citizens of Missoula County;
- Providing education about the risks and costs of abusing alcohol, tobacco and other drugs;
- Supervising non-school hour activities that give young people alternatives to drug use and opportunities for positive youth development; and,
- Delivering early intervention services to help youth and families address alcohol, tobacco and other drug problems.

The Missoula City-County Relationship Violence Services Division works to eliminate relationship violence (which includes dating, domestic and sexual violence and stalking) through legal advocacy services to crime victims, coordination of information among criminal justice system professionals, program development, public education and prevention activities. This is accomplished through community partnerships and these three programs:

- The Crime Victim Advocate Program provides direct services to victims of relationship violence and is comprised of three specialty areas:
 - Criminal Advocacy - CVA Criminal Advocates serve victims of personal injury crimes working primarily with victims of misdemeanor and felony assault, partner/family member assault and sexual assault cases within the criminal justice system. Criminal Victim Advocates provide: crisis response services; support and accompaniment for victims during investigations, legal proceedings and hearings; criminal legal advocacy and victim/witness support as cases are prosecuted in coordination with the City and County Attorneys' Offices and law enforcement; and, information and assistance in applying for crime victim compensation.
 - Civil Advocacy - CVA Civil Victim Advocates serve victims of intimate partner violence regardless of involvement with the criminal justice system. Civil Victim Advocates provide short-term crisis response services, offer assistance with obtaining Temporary and Permanent Orders of Protection in Missoula Municipal and Justice courts; provide assistance in obtaining emergency services including shelter, transportation, and medical treatment; and, provide personal advocacy including working with landlords, employers, schools, Child Protective Services, etc.
 - Outreach and System Advocacy - Crime Victim Advocates ensure that safety and the needs of victims are prioritized in Missoula's justice system. Staff serve on numerous community coalitions, workgroups and advisory boards to develop and maintain critical partnerships, including JUST Response. Additionally, Advocates provide program information to partners, University of Montana staff and students and community groups.
- JUST Response coordinates the criminal justice system response to relationship violence.
- The Healthy Relationships Program promotes relationship violence prevention through community education and social marketing campaigns.

The Department of Grants and Community Programs (GCP) manages an economic development Revolving Loan Fund that is based on loan repayments from businesses and community projects that previously received State-administered Community Development Block Grant (CDBG) funds. Depending on availability, the County is able to assist start-up and expansion of businesses that meet CDBG-eligibility requirements. Some things to note about the program include: jobs must be created that primarily benefit low- to-moderate-income households per HUD income limits; a one-to-one match is required; assistance is provided in the form of a loan, unless otherwise approved by the Board of County Commissioners; if construction is involved federal Davis Bacon Wage Act requirements are in effect; and funding may not be used to attract business from another community.

GCP also, depending on availability, collaborates with District XI Human Resource Council for management of loan funds designed to assist low- to moderate-income first-time homebuyers purchase homes. Clients must qualify for a first-mortgage and attend a homebuyer education course. The source of funds is loan repayments from clients previously assisted through the State-administered HOME Program.

The Community Assistance Fund is levied by the Board of County Commissioners to provide human services and to establish a safety net or continuum of services to meet basic human needs. Services are provided by in-house staff and under contract with various community service providers through the Community Assistance Fund, administered by the Department of Grants and Community Programs. Projects awarded funding through the Community Assistance Fund meet needs identified by relevant community-based needs assessments and serve at-risk populations at the most basic levels of food, shelter, medical care, and transportation. These projects pass the "SUGR" test for Severity (the problem that the project addresses is severe); Urgency (the need to address the problem is urgent); Growth (if the problem is not addressed now, it will worsen significantly); and Resources (the resources requested for the project are adequate to meet the need).

The City-County Health Department is operated under an interlocal agreement between the City of Missoula and Missoula County and is accredited by the national Public Health Accreditation Board. The seven-member Board of Health, which governs the Department, is appointed equally by the City Council and the County Commissioners. The department's Health Services, Environmental Health, and Health Promotion Divisions serve to protect, maintain, and improve the public health of citizens in the community. Health Board members also serve in separate governing capacities as the Air Pollution Control Board and as the Water Quality District Board, both of which are also established by city-county interlocal agreements. The Water Quality District Board has an eighth member appointed by the local Conservation District.

The Health Services Division programs are designed to prevent disease and promote the health and well-being of individuals and families in Missoula County. Activities include immunizations offered on a sliding fee rate, maternal child health programs, the federal Women's, Infants and Children's Supplemental Nutrition Education Program (WIC) and various grant programs designed to prevent health problems at the earliest stages of life. Key among these is the Nurse-Family Partnership home visitation program for pregnant women and infants which operates in partnership between several Montana counties.

The Environmental Health Division conducts programs to improve and maintain the quality of air, water, licensed establishments, and land use in the City and County of Missoula. The division has several regulatory enforcement programs mandated by State law, local ordinances, or County resolutions. In addition, the Division responds to public inquiries or complaints about a wide range of environmental problems. The long-range goals of all division programs are protection of public health from unreasonable risks of injury or disease caused by pollutants in the environment.

The chronic and preventable nature of today's public health problems point to an increasing need for health education and prevention programs. The Health Promotion Division initiates or coordinates with other agencies to prevent and curb risk factors that would otherwise lead to obesity, injury, cancer or other chronic conditions. Health Promotion also serves as the hub of the department-wide Infectious disease control programs. More recently, this division has developed into the coordinating point for the department's improvement and accreditation endeavors, including the . This division provides a vital link between the department and the Missoula community in terms of public health issues and education projects.

The department is linked with Partnership Health Center, a federal community health center, that provides primary medical, dental, behavioral health, and pharmacy services on a sliding-fee basis at its Missoula downtown site and other satellite sites, all of which are governed by the Partnership Health Center Board.

An inter-local agreement between the City and County allows Missoula City/County Animal Control to operate within the Health Department. The agreement allows one program to serve both the City and the County residents of Missoula County.

Missoula City/County Animal Control is responsible for enforcing both City and County animal ordinances, as well as educating the public on "responsible pet ownership". Animal Control Officers respond to complaint calls throughout the 2,600 square miles of Missoula County. The calls the officers respond to include the following: barking complaints, animal bites/attacks, cruelty investigations, dogs at large, nuisance animals, injured animals, and licensing of dogs.

Animal Control also runs its own Animal Shelter, housing up to 30 dogs and 41 cats at capacity. The shelter staff is responsible for providing a clean and safe environment for the animals at the shelter. The staff attempts to locate the rightful owners of the lost pets brought to the shelter and they adopt out animals to new owners. The staff also assists in spay/neuter clinics to help reduce the number of unwanted pets in Missoula County.

In 1973 the Montana legislature established the "Junk Vehicle" law and authorized the State Motor Vehicle and Recycling Program which in turn provides State funding for county junk vehicle programs throughout the State. This program also provides for the enforcement of junk vehicle law and for the transport, storage, crushing recycling of the junk vehicles released to the County. The law makes it illegal to have a junk vehicle in view from a public road. A junk vehicle is a motorized vehicle that is: unlicensed and inoperable and ruined or dismantled and in public view. This program is paid for from the small fee customers are assessed when licensing a vehicle and from the sale of crushed vehicles to metals recyclers.

Partnership Health Center's mission is to ensure that accessible, comprehensive primary health care is provided to the medically underserved population in our region through a partnership of community resources. Partnership Health Center provides health care to everyone, regardless of ability to pay.

Partnership Health Center remains the region's main provider of primary care on a sliding fee scale. Our care teams provide services for more than 15,250 patients each year. Their work is supported by volunteer providers on site and a large network of specialists in the community who offer donated or discounted service to our patients. We are also the home of the continuity clinic for the Family Medicine Residency Program of Western Montana. All services are provided in a comprehensive, integrated model of care that provides evidence based care in every facet of our health care delivery system.

The Partnership Health Center Pharmacy offers medications on a sliding fee scale to patients of the health center. The pharmacy is on track to fill nearly 90,000 prescriptions this past year. The pharmacy provides discounted medications to our patients through the 340(b) pricing program and medication assistance programs.

In addition to providing direct healthcare in our medical, dental and behavioral health clinics, Partnership Health Center also administers several ancillary programs for special populations. These programs include the Montana Cancer Control Program, Medicaid Patient Centered Medical Home Care Management Program, Healthcare for the Homeless, SEVA: Implementing Technology-Assisted Drug Treatment and Relapse Prevention in Federally Qualified Health Centers and the Ryan White Program for people living with HIV in western Montana.

Of the more than 15,250 patients who receive healthcare at PHC, 40% lack insurance altogether, 18% have Medicaid, 18% have Medicare and 24% have private insurance. The most common diagnoses we treat are dental related, hypertension, depression and diabetes.

Community health centers are local, non-profit, community-owned health care centers serving low income and medically underserved communities. As Missoula's community health center, Partnership Health Center constitutes an integral part of the nation's health delivery system. Community health centers are the only health care system controlled in partnership with patients. Partnership Health Center is governed by a community board with a patient majority. The beauty of the system is that patients do not just pay for their health care, they also "have a say" in how their healthcare is delivered through their patient representatives on the center's governing board.

Following the community health center model, 23% of PHC's funding comes from a series of federal grants and contracts. Sixty nine percent comes from patient fees. Patients are charged on a sliding fee scale based on Federal Poverty Guidelines. The remaining 8% comes from local donors, contracts, foundations and support from Missoula County.

The Sheriff of Missoula County is the chief law enforcement officer and is responsible for the enforcement of state and county laws and statutes. The Missoula County Sheriff also serves as coroner, and as such is charged with the investigation of all unattended deaths and/or deaths that may be occasioned by unlawful means. It is the Sheriff's responsibility to administer the Missoula County Jail and to house all prisoners committed by competent authority. Montana Statutes require that the Sheriff perform all of the duties necessary in the administration of civil process within Missoula County.

The Missoula County Sheriff's Department's Uniform Patrol Division is responsible for patrolling an area in excess of 2,600 square miles. Patrol officers travel more than 750,000 miles on an annual basis in Missoula County, taking action to enforce all Montana State Statutes regarding criminal violation. Officers write over 3,000 investigative reports that either result in the immediate arrest of the perpetrators involved in committing those acts, or these reports are turned over to the Sheriff's Department Detective Division for further follow-up and prosecution. The Sheriff's Department provides a full service through the Detective Division in such areas as narcotics investigations, crimes against persons, and crimes against property.

In addition to crime prevention and patrols of the neighborhood, the Sheriff's Department conducts initial and follow-up investigations on criminal violations, files cases with the Missoula County Attorney on suspects involved in these crimes, and provides crime prevention services to homeowners associations. Deputies visit many elementary and high schools throughout Missoula County and provide, through the speakers bureau, speakers for many criminology courses in the high schools on topics such as narcotics, organized crime, death investigation, alcohol abuse and drunk driving. The Sheriff's Department assists other agencies in child identification programs (i.e., fingerprinting and photographing children for identification purposes as a preventative measure in abduction cases).

The Missoula County Detention Facility (MCDF) opened November 1, 1999, replacing the over-crowded and out-dated facility on the fourth floor of the courthouse annex. The facility has three main components – a long-term juvenile detention center, a county jail for men and women, and a state regional prison. The total capacity is approximately 400. The facility resembles a self-contained community, with a clinic, library, school, counselors, dentist, phone system, commissary (store), banking, housing, churches, courts, and a staff that provides maintenance and security functions. The Detention Center includes visiting areas for families, friends, and attorneys.

County Jail

The Missoula County Jail portion of the Detention Facility holds inmates that have been found guilty and sentenced to county jail time (less than one year). The facility also holds persons who have been accused of a crime and are awaiting trial but cannot get out on bail. The Detention Center holds for various law enforcement agencies in the area, including the Missoula Police Department, Montana Highway Patrol, University of Montana Police, and the US Marshal's Office.

Juvenile Detention

The 24-bed juvenile detention facility holds boys and girls under the age of 18. They have been determined to be a risk to themselves or others so cannot be allowed to live at home or, for example, in a group home. MCDF contracts with the Missoula school district for a teacher in order for them to continue with their school work while in custody.

MASC

MASC is the Missoula Assessment and Sanction Center. The program is currently housed in the Missoula Regional Prison portion of MCDF. When a man is found guilty and sentenced by a District Court Judge anywhere in Montana, he can be sentenced to Montana State Prison or to the Department of Corrections. If sentenced to DOC, the prisoner comes to MASC to be "assessed" to determine an appropriate placement. He may still go to MSP, or he may be sent to Boot Camp, Pre-Release, Parole, or some other community corrections program. If a man on parole violates the parole, he may be sent to MASC for a short "sanction" then go back out on parole. The Montana Women's Prison in Billings has similar programs for the women of the state.

The primary function of Title III is to provide assistance to fire departments and home owners to create defensible spaces around residences in the Wildland Urban Interface (WUI). The types and levels of service that are provided are determined by the Board of County Commissioners who elect each year the percentage of funding that will be made available from the Secure Rural Schools program for these activities. The primary programs are as

1. Title III funds support fire departments through the purchase of equipment to remove debris from around structures, making them more defensible.
2. Title III supports home owners by providing a cost share program of up to fifty (50) percent of the cost of removing materials around their structures, making them less susceptible to wildland fires.

The Historical Museum at Fort Missoula's mission is to keep Missoula County's history alive for the education and enjoyment of the public.

The Historical Museum at Fort Missoula was established in 1975 to collect, preserve and interpret the history of Missoula County and Fort Missoula, as well as timber production and forest management in Western Montana for the education, recreation and cultural enrichment of visitors and residents of the area. The Museum is located on 32 acres at the core of what was historic Fort Missoula (1877-1947), an area that was listed on the National Register of Historic Places. The Museum has more than 35,000 artifacts in its collection, including 13 historic structures. Many museum activities are centered in the museum building, a Quartermaster's Warehouse (built 1911) that has undergone extensive interior remodeling.

The Museum consists of two parts: indoor galleries, with both long-term and changing exhibits that deal with topics of specific and general interest from the period of early exploration to modern times; and outdoor interpretive areas, with a complex of original and relocated historic structures that together present a picture of the life and material culture of the region and aid in the interpretation of the Museum's major themes: Missoula County history; the military history of Fort Missoula; Fort Missoula's Alien Detention Center History, and the history of timber production and forest management in western Montana. These are introduced in the main museum building and expanded in the outdoor areas. Many programs are supported by the efforts of the Friends of the Historical Museum at Fort Missoula and through many grants.

In addition to providing exhibitions, guided tours, special events, workshops and living history demonstrations, increasing emphasis is being placed on the following: making more of the Museum's permanent collection accessible to the public; maintaining the Museum building and grounds more efficiently to make better use of existing staff, as well as increase visitation and usage of the site; providing for staff training to maintain and improve museum services; and continuing to offer outreach programs to schools, clubs, civic groups and other outlying communities in Missoula County.

The Historical Museum was accredited by the American Alliance of Museums in 2000, and re-accredited in 2010. The Historical Museum is one of only six museums in Montana to be accredited.

The Seeley Lake Refuse District was created by resolution 74-207 of the Missoula Board of County Commissioners in October, 1974 and amended by resolutions 83-04 in January, 1983 and 2011-67 in May, 2011. The origin of the Seeley Lake Refuse District was intended to address the improper storage, collection and disposal of refuse to limit the spread of disease and mitigate air and water pollution.

Prior to July, 2005, the Seeley Lake Refuse District functioned as an independent unit of Missoula County. At that time the district was uniformly folded into the local government of Missoula County, with the Auditor's Office overseeing the financial reports and the employees of the District becoming employees of Missoula County. In October, 2009 the District formally became a division of the Missoula County Public Works Department. Finally, in May of 2011, due to changes in Montana law, the Missoula Board of County Commissioners assumed governance of the district and continues to appoint five citizens to its advisory board. The District parallels the geographic boundaries of Elementary School District 34. The transfer site is located on Woodworth Road, near the grounds of the previous landfill.

In 2015 Missoula County solicited proposals to contract out daily operations to a qualified firm. Republic Services is now under contract to provide personnel and operational needs. Public Works retained one .25 FTE administrative position to continue handling A/R and tax rolls for the District. The current annual tax assessment fee is \$150.00 per family residential unit or business property. Annual projected revenue for the District is approximately \$300,000 in Fiscal Year 2016. The transfer site is open on Wednesdays, Saturdays, and Sunday, with expanded hours during the summer months. Each taxpayer member of the District is issued an identification tag which must be shown each time the site is accessed. All trash dumped at the transfer site is transported to Missoula landfill by Republic Services.

The primary function of the Central Services Department is to provide support services to various County Departments and other outside governmental units and non-profit agencies on a contractual basis. The Board of County Commissioners determines the types and levels of service. The primary programs include:

1. The Fixed Asset Program involves the tracking of all County property from initial purchase to final disposition. This includes all equipment with an acquisition price greater than \$5,000 and real property whether purchased, donated, or acquired through tax deed.
2. The purchasing function of the department involves the centralized purchase of small supplies and materials, and the coordination of the competitive bid purchase function.
3. The printing function involves the in-house printing of material as well as the coordination of outside printing services. This also includes management of the County's copier pool.
4. The postage function involves the centralized coordination of mailings with the United States Post Office, including bulk mailings and priority mail, and with private shipping companies such as UPS and Federal Express.
5. The County Motor Pool provides a fleet of cars, trucks, and four-wheel drives for use by County personnel.

The Missoula County Employee Benefits department is unique in being a self-funded and self-administered health plan. We process medical, dental and vision claims, in-house for all eligible County employees and their dependents. We also administer the same health plan for a number of affiliated employers, COBRA, retirees and their dependents. There are a number of services done in this office. This includes, but is not limited to, coordination of benefits with other insurance carriers, Medicare, check runs, accounting and personal customer service. We maintain eligibility files for the health plan, COBRA, life, long-term disability and retirees. The Missoula County Employee Benefits Plan has created and continues to maintain its own medical and dental Preferred Provider Network. We have added, to our network, the majority of physicians and clinics in the Missoula area. We have also contracted with hospitals in the Missoula, Spokane and Seattle area.

The Employee Benefits Plan consists of five programs:

1. Medical Benefits: A self-funded and self-administered program providing coverage to the eligible employees, retirees and dependents of Missoula County and Affiliated Agencies.
2. Dental Benefits: A self-funded and self-administered program providing coverage to the eligible employees and dependents of Missoula County and Affiliated Agencies.
3. Vision Benefits: A self-funded and self-administered program providing coverage to the eligible employees and dependents of Missoula County and Affiliated Agencies.
4. Life Insurance Benefits: Commercially insured term life insurance provided to the eligible employees of Missoula County and Affiliated Agencies. The Basic coverage provides a \$20,000 benefit. Supplemental life insurance is available up to \$100,000.
5. Long Term Disability Insurance: Commercially insured disability insurance provided to eligible employees of Missoula County and Affiliated Agencies. The coverage schedule amount is 50% of monthly pay subject to a maximum of \$2,500 per month.
